**Dear doctor .....**

Time has come to meet again. It has been about a year since we first met on 5/1/13, formed our association and conducted our first conference which brought us all together under one umbrella.

Coming together, uniting and sharing knowledge has been an enriching experience. We all have benefitted through our efforts through out the year.

To evaluate our progress in this short span of one year, to celebrate the completion of our first year and to share and enhance our knowledge, we are announcing, the Second Annual Conference of the SUSHRUT PROCTOLOGY ASSOCIATION. Like the first time this time too we promise to organize an educative, informative, interactive and entertaining day, with your support.
