**Dear Doctor .....**

**The details of the Conference :**

Time flies !!! It is almost a year since we met February this year for our 2nd Annual Conference. Plans are underway for the 3rd Annual Conference. Since the time we have founded the association we have been constantly updating ourselves, learning from our senior and experience members and sharing knowledge. Entertainment and knowledge acquiring rarely go hand in hand. However, when knowledge and skill is offered from a platform like a Conference of the SUSHRUT PROCTOLOGY ASSOCIATION, the process of acquiring knowledge provides pleasure and fulfilment. So let us gather again, and this time not for a day but for two whole days, packed with entertainment and knowledge. This time, as promised earlier, the Association is organizing a live OT experience for all of us.

One more feather in our cap – The Gujarat Ayurved University is co sponsoring the Event.
